Re: E-Filing and Possible Deferral

The Public Defender's Office of the Fifth Judicial Circuit will be prepared to participate in single session E-filing by October 1, 2013. That being said, we will be requesting a deferral in our circuit's E-filing deadline. This requested delay is based upon the unnecessary burden and workload that single session E-filing will place on our staff. My office will support any delay which allows all interested parties to address any issues that prevent us from performing batch filing. This includes, but is not limited to, matters pertaining to the portal, training, and testing of the system.

Should there be any questions, please do not hesitate to contact me. As always, thank you for your dedicated work on these difficult issues.
